

Glock 17 Gun Sound Replacment

How to Install ?

1 _ Run OpenIV, navigate to x64/audio/sfx/resident.rpf

2 _ right click weapons.awc select "Export to openFormats (.oac)" select desktop; you should get a folder and a file called "weapons" and "weapons.oac"

3 _ Open the weapons folder drag and drop the PTL_COMBAT_SHOT_VER3.R file into the weapons folder close the folder, if it asks to replace click yes and grab the weapons.oac folder and drop into the weapon.awc in OPENIV.

4 _ Navigate to x64/audio/sfx/weapons_player.rpf

5_ right click on the ptl_combat.awc and export to openFormats (.oac) select desktop, open the ptl_combat folder now drag and drop the PTL_COMBAT_SHOT_VER3.L and replace it.

6_ Drag and drop the ptl_combat.oac file into OpenIV ptl_combat.awc You're all set!
